Frontend Developer | UI/UX Designer | Graphics & Video Editor | Software Engineering Student

## Professional Summary

Creative and impact-driven Frontend Developer and Software Engineering student at Addis Ababa Science and Technology University. Strong experience in building user-centric web applications and interfaces. Skilled in UI/UX, graphic design, and video editing. Currently learning backend development and pursuing leadership training through a 4-year program in the Muslim Students League, where I also serve as Academic Head. Proven track record in internships, hackathons, business forums, and academic excellence.

## Skills

Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS

Backend (Learning): Node.js, Express.js, MongoDB, MySQL

UI/UX Design: Figma, Adobe XD, Prototyping, Wireframes

Graphics Design: Adobe Photoshop, Illustrator, Canva

Video Editing: Adobe Premiere Pro, CapCut, VN, InShot

Programming: Java, C++, Git, GitHub

Soft Skills: Leadership, Teamwork, Communication, Critical Thinking

Languages: Amharic (Native), English (Fluent), Arabic (Advanced)

## Projects

- Hotel Management System (C++ + MySQL)  
Booking, availability, and payment logic built using OOP and database integration.
- Digital Locker System (C++)  
Encrypted digital locker with password protection using file handling.
- UI/UX Design Portfolio Website  
Designed and developed interfaces demonstrating clean and human-centered design.
- Frontend Clone Projects  
Recreated responsive UIs for platforms like Airbnb and Netflix using React.js.
- Student Management System (C++)  
Implemented CRUD operations, sorting, and data storage using binary files.

- Video & Graphics Portfolio  
Edited event videos and designs using Premiere Pro, VN, and Canva.
